Notice of Appeal and Request for Pre-Appeal Brief Conference Transmittal

Commissioner of Patents P.O. Box 1450 Alexandria, VA 22313-1450 June 7, 2007

Sir:

Applicant hereby appeals to the Board of Patent Appeals and Interferences from the last decision of the Examiner.

Also attached is a Pre-Appeal Brief Request for Review and Applicant's Argument for same.

This application was previously appealed November 14, 2005. At a Pre-Appeal Conference, each of the Examiner's rejections were withdrawn prior to a final board decision. Therefore, fees previously paid for the filing of the first notice of appeal are applicable hereto, because a final board decision was not made in the first appeal (MPEP 1204.01). Therefore, no fees are due.

Respectfully submitted,

And Bobal
